Greetings,

At the very same meeting, the entire Board (NAAB), reviewed and voting team report on the Mississippi State University.

It is with great pleasure that we give you the great pleasure to inform you that the Bachelor of Architecture degree program was granted an original accreditation. Therefore, effective January 1, 2016, the program is scheduled for its next visit for continuing accreditation in 2024.

Please be reminded that continuing accreditation requirements:

- a) Annual Statistical Reports. This report captures statistical data for the institution and the program. The next statistical report is due on or before November 15, 2022.
- b) Interim Progress Reports. In order to maintain continuing accreditation, the institution must submit an interim report to the Board of Accreditation five years after the visit and again five years after the visit. Mississippi State University first submitted its interim report in June 2016. For more information on the IPR process in Section 4.0 of the 2015 NAAB Program Manual.

Finally, public dissemination of both the Architecture Program Visit Team Report is a condition of accreditation. These documents must be made public electronically in their entirety. Please see Condition II.4.4 of the 2015 NAAB Program Manual for more information.

On the behalf of the NAAB Board, and to finally thank you for your accreditation in architectural education.

Very truly yours,

Scott C. Veazey, AIA  
President

cc: Michael Berk, AIA, Director  
Denis Henmi, FAIA, NCARB, Team Chair
